	1	The gift box opens after more than 1 shaking event (every 2-3 times)	major	P1	Start the application. Choose the gift recipient and one of the gift boxes.	The bug happens every 2-3 times after choosing and shaking a new gift .	Shake the mobile phone 1 time. Check the result. If the gift box is not opened - continue shaking until the gift box will be opened. Repeat the steps 1-3 for 2-4 times (with preconditions).	The gift box opens only after more than 1 shaking event (even 2-10 shaking movements) every 2-3 times.	The gift box successfully opens after 1 shaking event .		This bug has a great influence on the user's general impression of the application.	Device: Google Pixel 3 OS: Android 12
	2	The timepicker set incorrect values for hours	major	P2		Bug replay percentage = 50% (every second time).	1. Choose the gift recipient and the gift box. 2. Shake and open the gift box. 3. Go to the "Save to calendar" menu. 4. Set the time. 5. Press OK. 6. Check the result. (bug repeats on clock and select views every second time).	The timepicker set incorrect values for hours.	The timepicker set correct values for hours.	https://drive.google. com/file/d/1W_nhMkNSpq NG23voSrdRPATFg_Cvrk E3/view?usp=sharing		Device: Google Pixel 3 OS: Android 12
	3	The calendar event transforms to the next day	major	P2		The bug happens in 100% of cases when the present date in the timepicker is unchanged, but the time is set to later.	1. Choose the gift recipient and the gift box. 2. Shake and open the gift box. 3. Go to the "Save to calendar" menu. 4. Don't set the date (leave present), but set the time later than the present time. 5. Press OK. 6. Check the Google calendar.	The calendar event transforms to the next day.	The calendar event creates at the correct date.	https://drive.google. com/file/d/1elyGN4oVCcc 1qD5dix8AuiG2Vp8cMS W7/view?usp=sharing		Device: Google Pixel 3 OS: Android 12
	4	The calendar events can be created in the past time	minor	P3		The calendar events can be created in the past dates (the application creates events without a yearly event notification function).	Choose the gift recipient and the gift box. Shake and open the gift box. Go to the "Save to calendar" menu Set the date that has already passed. Fress OK. Check the Google calendar.	The calendar events can be created in the past date.	The application does not create calendar events with alerts in the past date.			Device: Google Pixel 3 OS: Android 12
	5	UI Heisenbug	minor	P3		See the attachment.	No steps identified.	See the attachment.	Application has no heisenbugs.	https://drive.google, com/file/d/1Hsg4ulQxafC Q0VgxxLjYxzyRf5XGQ7cu /view?usp=sharing		Device: Google Pixel 3 OS: Android 12
	6	Text mistake in Russian version	trivial	P3	Russian interface	lt has to be "Комментарий" instead of "Коментарий".	Choose the gift recipient and the gift box. Shake and open the gift box. Go to the "Save to calendar" menu. Pay attention to the text.	Text mistake in Russian version	It has to be "Комментарий" instead of "Коментарий".	https://drive.google, com/file/d/1LSezafPg1okv MLljRb7ynlGj3V63QE_c/vi ew?usp=sharinghttps: //drive.google		Device: Google Pixel 3 OS: Android 12
